## **7. Old Business**

- LASS-How many students-how much to pay?
- Library Donation-\$1000 -Status: Books are being ordered, receipts to be handed in.
- Feedback on Christmas Concert: How it went in classrooms/teacher's/ concession feedback- money was raised from concession (\$259.95) great job Sarah and Chelsea! There was talk of maybe adding concession next year during the earlier rehearsal time as well. The classroom parent volunteers seemed to help keep some of the chaos from spilling into the hallways but there were still reports of a few kids getting up to shenanigans.
- Tire Structure- Any other ideas for fundraising, or anymore information about how we can get the tire structure built up to code. Lay them horizontal?? More info needed.
- Roadside letters- Hayley will bring the letters into the office so everyone can see their broken state.

## **8. New Business**

- DPAC (District PAC) Next meeting is February 19th. DEPAC has decided to help fund one-to-one reading. There is also talk of having a PAC training session. Sarah asked if anyone was interested in volunteering to attend the online Zoom meeting from 7pm 9pm once a month. The volunteer would need to take notes and report back on what was learned. If anyone is interested in taking on this role, please contact Sarah.
- Roadside Advertising- there is some potential businesses interested in advertising on the sign.
- Muncha Lunch feedback so far, any concerns? None were brought up at the meeting. It was mentioned later in the meeting that we could possibly lessen workload of order taking in another fundraiser, so that is a nice perk.
- Fundraising Goal? Tires/New playground? Tires were talked about, possible location, but more info is needed. Catalogue for playground equipment was passed around again. We talked about a possible structure to be built near the kindergarten room that is geared towards younger students. Another new bench? Or removing the less used structures (Zipline and larger hanging bars) to be replaced by a more stimulating structure?? Suggestions are welcome.
- New sign-up sheet for Soup Days filled up exceptionally fast-please keep in mind that there were a few soup days where we had only one volunteer that was able to do the shift due to unforeseen circumstances. Please keep an eye out on the social media for posts about volunteers being needed if one falls through. Thank-you in advance. We will try to post the

upcoming months on social media to remind the volunteers closer to the date.

- More garbage cans were requested near the kindergarten side of the building.

- Some parents asked if there was an option for the school to get cameras around the outside common areas, as there have been lots of litter left on the property after hours. Not an option due to cost/privacy issues. Could the neighbourhood keep their eyes on the property and report any suspicious activity?

- PAC email account needs to be monitored. Meta will oversee the forwarding/answering of any inquiries.
